### Safer Streets – Crime Stoppers

**0800 555 111** – [www.crimestoppers-uk.org](http://www.crimestoppers-uk.org)

<https://crimestoppers-uk.org/campaigns-media/blog/2022/nov/peoplesafe-on-working-together-to-stay-safer>

Crime stoppers have a campaign for safer streets and safety at work. Over half of the working population they surveyed **58%** had experienced a negative event at work, or on their commute, that made them concerned for their safety, and **60%** said they had felt threatened out and about on our streets, particularly commuting on public transport, and especially during unsociable hours. Please review the above website link or scan the QR code below for more info.

- Trust your instincts – If something doesn't feel right to you, trust your gut, and act by removing yourself from the situation. It's always better to be safe than sorry.
- Keep valuables hidden – Proactively keep smartphones and expensive-looking jewellery hidden, and if you're carrying a bag, keep it closed.
- Spread out your valuables – Don't keep your valuables all in one place. Use different spaces for your phone, keys, and money.
- Carry cash – although most transactions are made via card or phone, a small amount of cash will cover you getting home or to safety if your bag, wallet or phone is stolen.
- Never fight for your valuables – If you're unfortunate enough to be targeted by thieves, let your valuables go. They can be replaced, you can't. If you can, toss your valuables away from you as thieves will go after the items, leaving you valuable time to get away

**Please continue to support the police and protect our area from crime and anti-social behaviour.**
